

Employment Services Benefits Overview

Last updated: October 2024 | Publication DOR-ES-114

The Department of Rehabilitation provides employment services to Californians with disabilities. This overview summarises the benefits available through the Employment Services Division, eligibility requirements, and the stages of the programme. It is intended for applicants, current participants, and partner agencies.

Who Is Eligible

You may be eligible if you have a physical or mental impairment that creates a substantial barrier to employment, and you require our services to prepare for, secure, retain, or regain employment. Eligibility is determined within 60 days of a completed application unless exceptional circumstances apply.

Participants served, 2020-2024

Programme Stages

Every participant moves through five stages. A counsellor is assigned at the assessment stage and remains your point of contact until case closure.

IMPORTANT

Bring photo identification and proof of California residency to your first appointment. Applications cannot be processed without both documents.

Follow-up support continues for a minimum of 90 days after placement. Participants who lose employment within that window may re-enter at the placement stage without submitting a new application.

Benefit Eligibility by Programme Stage

Stage	Transport allowance	Equipment grant	Wage subsidy
Application	No	No	No
Assessment	Yes	No	No
Planning	Yes	Yes	No
Placement	Yes	Yes	Yes
Follow-up	Yes	No	Yes

Amounts are reviewed annually. Subsidy rates vary by employer agreement.
